

SUMMARY

MBA Finance candidate at MIT-WPU (expected July 2027, CGPA 8.31) with a data-science foundation from IIT Madras and Great Learning. Builds fully linked financial models from published statements (three-statement forecasting, DCF and relative valuation, working-capital analysis) and applies Python and Power BI to credit-risk and performance analysis. Seeking a financial analysis, corporate finance, FP&A or credit-risk analyst role.

SELECTED PROJECTS

Varun Beverages Ltd. Financial Modelling & Valuation

Three-statement model and DCF valuation. DCF fair value of ₹268.34 per share, the average of two terminal-value methods, against a market price of ₹430.20 at the model date.

TOOLS Excel | Financial statements | MD&A and concalls | Damodaran sector data

Loan Default Analysis & Prediction Credit Risk & Financial Analytics

Credit-risk analysis on consumer lending data. Feature engineering and classification modelling on high-dimensional borrower data, achieving a Top 15% ranking (rank ~70 of 500+ participants) on the Zindi platform.

TOOLS Python | Pandas | NumPy | Scikit-learn | Exploratory data analysis

Jubilant Foodworks Ltd. Working Capital & Business Finance

Five-year working capital decomposition of India's largest QSR operator. Cash conversion cycle narrowed from -109 to -30 days (FY2021 to FY2025), a 79-day erosion of the free-funding float.

TOOLS Excel | PowerPoint | CMIE Prowess | Ratio analysis

EXPERIENCE

Finance Intern | Defiance Knitting Industries Pvt. Ltd., Ambernath, Mumbai Jun 2026 to Jul 2026

- Assisted the finance team using the company's ERP system.
- Studied the company's B2B manufacturing model and its recently launched D2C brand to understand the business strategy behind the move.

Data Science Intern | Datamind Labs Jan 2025 to Feb 2025

- Processed and engineered features on high-dimensional borrower datasets, identifying key risk drivers and patterns associated with loan defaults.
- Collaborated with senior industry professionals to develop predictive classification models on the Zindi platform, achieving a Top 15% ranking (rank ~70 of 500+ participants).
